[11:32:49] <darksydephil> im setting up now
[11:32:56] <darksydephil> so, just a few minutes
[11:34:00] <darksydephil> okay then
[11:34:04] <darksydephil> got the day started off right! lol
[11:34:44] <darksydephil> good
[11:35:10] <darksydephil> setting up now. but the office looks so empty without the christmas lights dspAngrydsp
[11:35:45] <darksydephil> my tree is staying up for a long while lol
[11:35:50] <darksydephil> i put it up late so its staying up at least for January
[11:36:05] <darksydephil> okay, starting off right again! lol
[11:45:31] <darksydephil> by the way, we are still at 387 subs. pretty sweet
[11:47:33] <darksydephil> okay final remix, then we'l start
[16:32:57] <darksydephil> yeah bigboydumper i recommend you try a different browser if your stream keeps freezing

[19:36:02] <darksydephil> im right here
[19:42:32] <darksydephil> finishing up with the MGS2 vids now
[19:42:38] <darksydephil> then the stream will begin
[19:43:04] <darksydephil> I disputed 2 of the claims agianst the MGS2 vids, that way, if they get denied there's no way my channel can get a big negative effect from it. so we'll see what happens
[19:50:13] <darksydephil> okay, got all the vids settled
[19:50:16] <darksydephil> now we can start!
[19:53:23] <darksydephil> zero viewers
[19:53:24] <darksydephil> lol
[19:53:26] <darksydephil> you are all ghosts
[19:54:23] <darksydephil> i keep getting gifted subs to other streamers, lol
[19:55:34] <darksydephil> nobody told me where anything was, but a couple people explained some controls bc the game literally does not do so, they expect you to play the separate tutorial missions again, whcih i again didn't do
[19:55:41] <darksydephil> and some easter eggs were revealed
[19:56:32] <darksydephil> i now set the cheer threshhold to 25 bits on my desktop
[19:56:39] <darksydephil> if it doesn't work this time, i guess maybe i have to do it when the steram is off or something
[19:57:06] <darksydephil> BigBoyDumper i get ya, and i should say thanks as you did help me understsand the controls earlier
[19:58:32] <darksydephil> okay i think i know what i did wrong
[19:58:36] <darksydephil> there were two save buttons
[19:58:41] <darksydephil> i must have clicked the lower instead of hte upper one
[19:58:45] <darksydephil> so the 25 bit limit should work now
[19:59:45] <darksydephil> okay last song, then we'll get started
[19:59:53] <darksydephil> the final vid of my disappointing countdown is 16 minutes so yeah
[20:00:00] <darksydephil> dont want to wait long. let me tweet that we're live
[20:03:09] <darksydephil> OH NO I STOPPED IT!
[20:23:16] <darksydephil> look at this driving hahahah
[20:23:22] <darksydephil> i was SURE to include this clip
[20:23:28] <darksydephil> since this happened like 100 times during the playthrough

[11:28:48] <darksydephil> Hidden_Baiken are you going to behave today or are mods going ot have to ban you again for being a douchebag to people who are being positive?
[11:28:57] <darksydephil> because frankly im getting tired of i
[11:29:03] <darksydephil> it
[11:29:08] <darksydephil> okay
[11:31:53] <darksydephil> no, Hidden_Baiken was harassing people for being supportive. Like for cheering and/or asking fo rpeople to contribute
[11:32:12] <darksydephil> and thats not acceptable. if people want to be positive and contribute or promote contributions that's none of your business
[11:32:30] <darksydephil> we dont need people being counterproductive in here
[11:32:52] <darksydephil> pretty good, had a nice convo with the GF
[11:32:57] <darksydephil> now about to start the stream

[11:41:03] <darksydephil> Pops made one where i look like snake for MGS3 this week, hope it gets approved fast
[11:44:54] <darksydephil> so we're back down to 426 subs today
[11:45:03] <darksydephil> hopefully we can keep hitting new milestones, we got up to 429 last night
[11:45:27] <darksydephil> that'd be nice gamemaster2003isdead
[11:46:11] <darksydephil> my honest fear is that we'll hit 450 and then people will just be like "well we hit the goal, no more needed!" and then i drop to like 300 by the end of the month. that would not be good
[11:47:38] <darksydephil> well every month i will increase it a bit if we hit it, that's the point, ongoing growth
[11:48:06] <darksydephil> 1000 subs would be damn nuts and amazing. i really hope the channel blow sup this year

[11:21:36] <darksydephil> they're also porting all teh multiplatform games from last gen that couldn't run on the Wii U
[11:21:40] <darksydephil> it's pretty funny lol
[11:28:12] <darksydephil> oh come on
[11:28:22] <darksydephil> dark souls on the switch runs at 30fps, runs at 60 on ps4/xbox one
[11:28:23] <darksydephil> lol
[11:28:28] <darksydephil> the switch can't run games for shit
[11:30:07] <darksydephil> Critical_For_D4ys this has been like this for years, nothing new
[11:30:13] <darksydephil> people just need to be careful on the internet
[11:33:28] <darksydephil> Dark Souls will look exactly like it did on PS3/Xbox 360 on the Switch, then run at 60fps and look amazing on PS4/Xbox One lol
[11:33:34] <darksydephil> and people will pay the same price for it
[11:33:37] <darksydephil> because they are stupid
[11:37:02] <darksydephil> im going to residentevilbeating
[11:37:05] <darksydephil> probably this sunday
[11:37:09] <darksydephil> when i finally have time
[11:37:28] <darksydephil> why would i try the taco bell stackers, its just meat and cheese in a shitty tortilla stacked stupidly. not something actually new at all
[11:43:09] <darksydephil> we dropped by ONE SUBNOOOO
[11:43:10] <darksydephil> lol

[19:35:53] <darksydephil> hello
[19:36:01] <darksydephil> so it looks like we're playing fornite
[19:36:33] <darksydephil> honestly, no lol

[11:28:03] <darksydephil> oh no
[11:28:08] <darksydephil> we dropped ONE SUB overnight again!
[11:28:15] <darksydephil> the horror! dspSurpriseddsp
[11:29:17] <darksydephil> i dunno anything about this game
[11:29:30] <darksydephil> i was looking at the character roster and its pretty robust, tons of characters from the vast majority of FF games
[11:29:55] <darksydephil> Ace from FF-0 is also in it
[11:30:07] <darksydephil> and yeah MMO characters too, plus villains from the series
[11:30:30] <darksydephil> although they covered Cloud of Darknesses' boobs, which is a HUGE mistake
[11:30:31] <darksydephil> lol
[11:30:59] <darksydephil> by the way
[11:31:04] <darksydephil> is this 30 or 60fps on PS4?
[11:31:11] <darksydephil> im assuming 30
[11:32:13] <darksydephil> damn
[11:32:23] <darksydephil> should i record or broadcast at 30 or 60? lol
[11:34:20] <darksydephil> Nich2440 i did take feedback, but at the same time, final fantasy dissidia isn't even in the broadcast list here on twitch lol
[11:35:02] <darksydephil> unless someone can find the game listed, i can't broadcast as playing this game
[11:35:06] <darksydephil> and thats a rarity for twitch these days
[11:35:55] <darksydephil> thanks
[11:36:01] <darksydephil> ill swap over once i actually start playing the game
[11:36:35] <darksydephil> apparently this was an arcade game in Japan that did so well, they adapted it to a console game
[11:36:37] <darksydephil> that's a rarity
[11:37:05] <darksydephil> it also means the controls are probably pretty simplified
[11:39:41] <darksydephil> yes thanks Kekon, i guess that's the closest thing. this is technically Dissidia NT but they didnt add it
[11:40:32] <darksydephil> also my NEW Wii to HDMI adapter is arriving today, the one you recommended Kekon
[11:40:49] <darksydephil> so hopefully this works or else i dunno what to do to play Sunshine, i doubt emulation will work as it'll probably slow down my computer enough that i can't stream/capture
[11:41:29] <darksydephil> well it was 4x as expensive as the shitty ones i got lol
[11:41:35] <darksydephil> so yeah you'd think it works
[11:43:20] <darksydephil> KushiYakitori the game isn't listed, so im doing IRL and then im gonna switch it over to the previous game in the series i guess
[11:43:40] <darksydephil> im doing the tutorial first, i have no idea wtf im doing in this
[11:43:43] <darksydephil> never even seen gameplay yet
[11:45:05] <darksydephil> we need to make a game of all the badass characters from my playthroughs over the years
[11:45:34] <darksydephil> Boone, the orc that killed me a million times in Shadow of Mordor, etc
[11:45:44] <darksydephil> all duking it out
[11:46:05] <darksydephil> okay last song, then prestream
[11:46:36] <darksydephil> yeah, there are no new remixes sadly

[11:37:19] <darksydephil> hello all
[11:37:24] <darksydephil> about to get started!
[11:44:29] <darksydephil> ugh okay
[11:44:41] <darksydephil> im really tired of babysitting drama hounds, thats all im gonna say
[11:44:46] <darksydephil> it wastes my fucking time
[11:44:47] <darksydephil> anyway
[11:44:50] <darksydephil> NOW i will start the stream
[11:47:15] <darksydephil> who?
[11:47:31] <darksydephil> what? when? lol
[11:47:43] <darksydephil> sounds like someone is an idiot. i haven't talked about pc gaming in...ages? i cant even remember
[11:48:17] <darksydephil> "in a video a couple of years ago" LOL
[11:48:40] <darksydephil> you're right, it doesn't
[11:48:54] <darksydephil> "in a video years ago" i said that Minecraft was a shitty game for morons, then i played it and understood why people liked it
[11:49:19] <darksydephil> life isn't black and white and things said on the internet aren't absolute. if you were a mature adult, you'd know that
[11:50:37] <darksydephil> thesecretlifeofdsp are you really the person that made that video?
[11:50:44] <darksydephil> or are you just someone who uses that name
[11:50:51] <darksydephil> be honest
[11:51:49] <darksydephil> Slick_YouTube again, no mature adult would watch a video "from years ago" and just assume it still holds true today. That's just ignorant.
[11:52:27] <darksydephil> tutorial is great, ill play it, but i want a damn training mode
[11:52:35] <darksydephil> how am i supposed to learn the new fighters with no training...
[11:52:59] <darksydephil> you are correct Slick_YouTube some people are just so stupid, you can't help them
[11:53:55] <darksydephil> thesecretlifeofdsp sure, you can change the thumbnail. because it's one thing to make a video about me, i dont care. but to make a clickbait thumbnail with my ex girlfriend who had next to nothing to do with me or my content in 2017, and then an "escort" that is 100% fabricated, it just proves you're a hack. so remove that thumbnail or else just admit you're in it to insult me and not for the sake of "making a funny vid"
[11:56:31] <darksydephil> i dont want to whisper you, I want that thumbnail removed immediately. and i'm saying it in public, because you need to be called out on it. you know it was wrong and you did it for clickbait to get views, and that proves you're a hack.
[12:00:32] <darksydephil> thesecretlifeofdsp Calling you a hack isn't name calling, it's a fact. A thumbnail should be representative of the content of the video. A video supposedly highlighting the worst gaming moments of 2017 has nothing to do with my ex girlfriend or a pretend escort. That is what a hack does to create clickbait and get views. So if you had ANY self respect, you'd drop everything you're doing now and remove the thumbnail, then replace it when you have a chance. Or else my point is made and proven
[12:02:03] <darksydephil> Bionich00t and that has nothing to do with the actual name of the video. It's 100% clickbait
[12:02:36] <darksydephil> I am discussing this with you, right now, in public
[12:02:40] <darksydephil> so why do you keep repeating that?
[12:02:44] <darksydephil> how about a response?
[12:03:26] <darksydephil> exactly Stinkinburrows
[12:03:39] <darksydephil> he'll make a 3 hour video slandering me, but god forbid he respond to an honest

question in my own stream chat
[12:05:27] <darksydephil> okay prestream starts now

[11:41:39] <darksydephil> laying down the law now, its just those dumbfucks trying to cause drama
[11:43:45] <darksydephil> by the way, it was already revealed that the doxxer is a mentally ill guy who has done this before to other communities, and he does it all the time, and does whatever he wants. he's doxxed groups of women and kids too, just for giggles. people notified law enforcement and of course, they did nothing
[11:44:11] <darksydephil> so the best course of action is to, as ive already said, protect yourself and not put your info on the net publicly
[11:45:02] <darksydephil> VeissVorra : you go back as far as you can and delete what you can

[19:43:14] <darksydephil> no, 3 is pretty bad competitively lol
[19:43:27] <darksydephil> it only has about 5 characters who are good in a tournament. the rest are all garbage
[19:43:45] <darksydephil> and its only bc Vism is broken as hell, it doens't work as the devs intended at all
[19:44:03] <darksydephil> third strike is great at top levels, but sadly 3 characters are piss easy to play and way overpowered

[11:25:41] <darksydephil> if we're gonna hit 500, it will probably be today or tomorrow
[11:25:58] <darksydephil> bc then its going to TANK once the christmas event hits one month, there were like 40 new subs that day lol
[11:27:24] <darksydephil> lol
[11:27:37] <darksydephil> people are saying its like PUBG/fortnite but with MGS mechanics
[11:29:39] <darksydephil> so does this run at 60fps or 30?
[11:29:49] <darksydephil> i think im going to record at 30 anyway, i dont care lol
[11:41:56] <darksydephil> yrdy
[11:41:58] <darksydephil> wtf

[11:41:59] <darksydephil> test
[11:42:00] <darksydephil> lol
[11:42:28] <darksydephil> yeah i didnt have my hands on the home row lol
[11:43:08] <darksydephil> im not planning on cooping this beta lol. it doesn't deserve that
[11:43:58] <darksydephil> okay final song, then we start
[11:45:34] <darksydephil> residentevilbeating : was gonna do it Wednesday, didn't ahve time. was gonna do it this Sunday, but now a new patron Q&A vid request came in, so now i probably cant lol
[11:46:24] <darksydephil> yeah Viking got banned, for supposed DDOS attacks, which makes no sense. he was never even accused of DDOS attacking anybody at all, it was DOXXing
[11:46:30] <darksydephil> so it really makes no sense
[11:46:44] <darksydephil> but none of us can really do anything about it anyway
[11:46:55] <darksydephil> i may need to look for more 1st stream mods soon
[11:47:08] <darksydephil> yeah, raccoon is MIA, no idea where he went
[11:47:28] <darksydephil> i dont even think we have a mod today
[11:47:34] <darksydephil> so yeah, i might nee dto start looking for new ones
[11:47:42] <darksydephil> ah! sup Popsicolo
[11:47:59] <darksydephil> hello DoubledIris , welcome
[11:48:05] <darksydephil> i have no idea why twitch just told us you're new but welcome lol
[15:06:45] <darksydephil> ok coming back in a sec, just gonna piss first lol
[16:24:36] <darksydephil> um, sherrie isn't a mod
[16:24:41] <darksydephil> how exactly did she ban you?
[16:25:11] <darksydephil> LOL are you arguing in my chat about something on twitter?
[16:25:17] <darksydephil> that's not what this chat is for
[16:25:49] <darksydephil> you cannot be banned by someone who isn't a mod
[16:25:53] <darksydephil> that's actually impossible
[16:26:14] <darksydephil> it sounds like we've got a case of confusion on our hands
[16:26:29] <darksydephil> dspShock
[16:27:27] <darksydephil> stream chat is serious bidness
[16:31:46] <darksydephil> im pretty sure it auto installed
[16:32:00] <darksydephil> when i turned on my ps4 it said a fortnite update was installed
[16:32:22] <darksydephil> what i do is, i take everyone's name that isn't kozatof, put them into a hat, and choose one
[16:33:13] <darksydephil> oh, those people pay me thousands of dollars to get in
[16:33:35] <darksydephil> im trolling you btw
[16:33:39] <darksydephil> anyway i have to take a dump

[19:33:12] <darksydephil> I am setting up now
[19:35:23] <darksydephil> back down to 505 subs now dspShock
[19:39:14] <darksydephil> i think im gonna need more daytime mods now too lol

[19:40:02] <darksydephil> JanneDaArc135 i think we have blueblur, bethe, and pops. That's the only consistent ones and they're not always here. some people drop in time to time but its not steady
[19:40:11] <darksydephil> and now Viking is banned
[19:40:43] <darksydephil> Sgt_Woomy dinner was soup and salad. Italian salad w/light dressing and chicken noodle soup, low sodium
[19:40:57] <darksydephil> gottisttot1 he can but people will undoubtedly report him and get him rebanned so no point
[19:41:15] <darksydephil> if you can JanneDaArc135 but no pressure
[19:41:25] <darksydephil> a diet? nope lol

[19:41:41] <darksydephil> thats what i eat half the time, i make it a point ot have non-meat meals at least 2-3 times a week
[19:41:50] <darksydephil> well, i guess theres a bit of chicken in the soups but you know what i mean
[19:42:46] <darksydephil> Anony hasn't been around in weeks/a month or more
[19:42:51] <darksydephil> no idea why, ive seen him post on the forums
[19:44:09] <darksydephil> Markmccauley : a thin spaghetti, it's easy to slurp
[19:45:51] <darksydephil> slap em with the flag
[19:45:53] <darksydephil> for max impact
[19:46:00] <darksydephil> it's legal, you didn't touch them
[19:46:44] <darksydephil> suplex only football
[19:46:51] <darksydephil> you ain't down til you arch that back son
[19:47:32] <darksydephil> the best part is, the detractors have been trying to have me "get rid" of Vidar for months bc they think he's a cash cow who pays me hundreds of dollars a month or more.
[19:47:37] <darksydephil> it couldn't be further from the truth
[19:47:43] <darksydephil> he stopped doing that like 5 months ago
[19:47:48] <darksydephil> he just liked the streams
[19:49:30] <darksydephil> "Phil won't ever denounce Vidar because he's Phil's cash cow." Then I denounced him for going to Kiwifarms, so they changed it to "Phil will never outright say that Vidar shouldn't have DOXXed and threatened us!" So then the whole issue got resolved, they still had to fuck with him because they're insanely convinced that he's like 75% of my income. Some people are just that stupid.
[19:50:41] <darksydephil> I said the twitter was a catfish account the dayit started posting weird shit about me. Why it took some people over a month to figure it out only proves how slow they are.
[19:50:54] <darksydephil> it's not even the first time this has happened lol
[19:51:12] <darksydephil> Back on Twitch years ago, they posed as Angela Capri, a "porn star"
[19:51:21] <darksydephil> and that was fake too, which I pointed out ot everyone

[11:31:34] <darksydephil> yeah well thats waht i mean
[11:34:01] <darksydephil> how can i interact if people are just running around saying the N word?
[11:34:22] <darksydephil> i think what ill do is explore a bit, commentate, and then maybe unmute a few people to talk with

[11:39:20] <darksydephil> so im listening to these remixes through headphones today for the first time ever

[19:37:07] <darksydephil> hello everyone
[19:41:08] <darksydephil> Nich it's a decent idea but i dont think either of those games would be interesting. skyrim i did a 100% playthrough of, and oblivion is quite boring, as seen by my first run that never continued
[19:42:25] <darksydephil> i was thinking february would be patrons choice. if we hit a subs goal it happens, then $5 patrons nominate/vote for the playthrough
[19:42:46] <darksydephil> we haven't done patrons choice in ages. and im doing sunshine starting in feb, will finish in march, so the new game can start in april
[19:42:53] <darksydephil> that gives patrons all of march to nominate/vote
[19:43:50] <darksydephil> there aren't many
[19:43:53] <darksydephil> check the actual release schedule
[19:43:57] <darksydephil> april is empty
[19:44:22] <darksydephil> you're watching the VRChat of skyrim
[19:45:06] <darksydephil> if a game is scheduled as "Q2" and it's only about 2 months until the second quarter, it means those games aren't coming out in Q2 lol
[19:47:24] <darksydephil> resetting top cheer now
[19:50:25] <darksydephil> lol this is hilarious
[19:50:40] <darksydephil> just got a year end mortgage statement for my condo in CT
[19:51:08] <darksydephil> current amount owed to pay off the mortgage: $103k. Current value of condo: $65k. HMMMM dspHmm
[19:51:13] <darksydephil> i wonder why i can't sell the condo!
[19:51:48] <darksydephil> i can't rent or lease it. i dont live in CT to deal with any problems and be a landlord, and there are no reliable companies in that area of CT because it's a shithole

[11:44:25] <darksydephil> things are going very well on Twitch, I cannot lie, I am very happy with how 2018 is going so far
[11:44:29] <darksydephil> especially w/how bad YT is going
[11:45:19] <darksydephil> Chickun030 : wont abandon whose who followed me there for 10 years and made me who i am though, that would be pretty ungrateful

[11:22:10] <darksydephil> my current PC chair is old, falling apart and was crap to begin with
[11:22:27] <darksydephil> i bought it when it was on extreme sale lol
[11:23:24] <darksydephil> i dont think that fixes disintegrating armpads and a hydraulic lift system that barely works and falls constantly lol

[11:27:20] <darksydephil> yeah like, just uploading videos im fine. but gaming in this chair is anightmare
[11:27:24] <darksydephil> its so uncomfortable
[11:27:40] <darksydephil> in fact thats how OPSeat found out about me, they randomly tuned in when i was playing VRChat and complained that my back hurt bc my chair sucked

[18:36:25] <darksydephil> because ive been sick and i wouldn't even have time, when you try out new characters in a fighting game you need to practice with them first
[18:36:44] <darksydephil> so practicing 3-4 characters in training mode, then going online, it would take like almost 2 hours before i'd even get started

[11:03:05] <darksydephil> headache gone, just a tiny bit of head pressure left, and no fever at all
[11:04:19] <darksydephil> Critical_For_D4ys : sometimes the human body can pick up microscopic organisms, otherwise called bacteria or viruses, than can negatively effect the operations of a healthy system. It takes time for a body's immune system to fight and eliminate said organisms, hence resulting in symptoms of illness
[11:05:57] <darksydephil> okay, so 2 days left this month, hopefully we can do a big month-end push and make this by far the best streaming month ever
[11:06:04] <darksydephil> sucks i wasn't here for 3 days but im ready to go full force now
[11:06:34] <darksydephil> thank goodness i didnt commit to Monster Hunter, can you imagine what a disaster that would have been lol
[11:07:44] <darksydephil> um, no offense, but if you think using shampoo got me sick, you are just silly

[11:08:17] <darksydephil> okay, you are not silly, you're being nuts
[11:08:19] <darksydephil> relax lol
[11:09:15] <darksydephil> a ton of people in the USA have been sick in the last 2 weeks, chances are it's that and not shampoo magically having a side effect to give me a fever and headache or 3 days. people will believe anything lol
[11:09:48] <darksydephil> it was more likely that escorts showed up and poisoned me in my sleep than the Selsun Blue is the culprit of my illness

[11:19:49] <darksydephil> nah youd better not
[11:19:55] <darksydephil> i dont care abotu the show but others might
[11:20:20] <darksydephil> the new sub badges are still crowns
[11:20:25] <darksydephil> just newer looking ones
[11:20:29] <darksydephil> they are far more 3d looking
[11:21:09] <darksydephil> i like them but like i said, im afraid people will react poorly being that we've all been building toward getting these for over a year
[11:21:52] <darksydephil> excellent

[16:59:47] <darksydephil> so far the online play of this game is pathetic...
[16:59:49] <darksydephil> and thats a damn shame
[16:59:57] <darksydephil> it's a good game, the fundamentals are all there
[17:00:27] <darksydephil> no, MvCI is bad because its a bad game. this is bad bc the connecitons are bad and the servers drop
[17:00:37] <darksydephil> this game is actually good, thats why its so sad
[17:01:21] <darksydephil> i have no idea if anything will improve, i dunno how ARCSYSTEMS works as ive neve rplayed a game of theirs before
[17:01:26] <darksydephil> but this...is jsut really really sad IMO
[17:01:57] <darksydephil> i played 3 people since 4pm LOL
[17:02:01] <darksydephil> thats 3 matches in an hour
[17:02:36] <darksydephil> what really pisses me off is that frame data they put on the matches that's completely wrong
[17:02:56] <darksydephil> yes, 2-3 frames but hte matches rae freezing and stuttering LOL yeah okay
[17:03:21] <darksydephil> no not FPS, the frame delay

[11:08:11] <darksydephil> one more session and that should be it
[11:09:47] <darksydephil> yeah its obvious they didnt know what to do with the story mode at all sadly, unlike Netherrealm who usually does a great job mixing it up between story scenes and combat

[11:19:11] <darksydephil> wow, my stream audience is exactly the same as my youtube audience, 60% from the USA, 40% international
[11:19:46] <darksydephil> and WOW a whopping 20% of my stream views come from people just browsing around twitch, thats huge
[11:19:54] <darksydephil> and a total difference from youtube where its like, 2%
[11:20:56] <darksydephil> my #2 viewership comes from the UK and #3 is Canada
[11:24:45] <darksydephil> the pillow is far better, that other guy looks like he could just be high off his ass
